“She [Christie] has put together such a brilliant system”

I am happy and grateful to myself for having jumped on the opportunity to purchase it, and am grateful to Christie that she has put together such a brilliant system to aid others in eliminating their blocks to success.

I haven't finished the course yet but am loving every minute of it. I am finding little things are happening but lots of them, things are happening quite fast and. I am truly grateful!

~ Karen Powel

“I have manifested not only material things but also great relationships and developed a charisma that allows me to bring light to other people.”

After taking some of the classes, I manifested things that I thought were very hard to get at the moment. For example, after moving from Spain back to the United States, I believed that it would be very difficult to go back to Spain to visit. I ended up spending the next two summers there and I have already booked a ticket for this coming summer. Things just started arranging themselves in a way to make that possible.

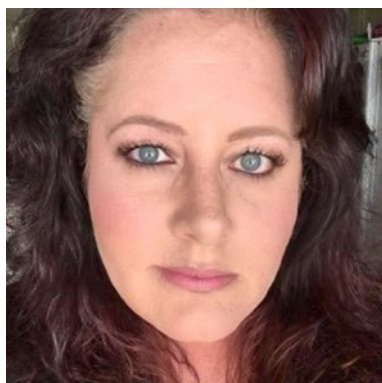

I have also manifested more clients and new opportunities to grow. I continue to use the program and I am so ready to conquer much more. The

thing that I love the most is that when I am connected with the love of all things, I attract positive things into my life and to others around me. I love it!!

Thank you Christie!

"Six months ago, I never would have imagined being where I am today with my business!"

Six months ago, I never would have imagined being where I am today with my business! I had over 125 new teammates, I have been able to pay my bills, I have learned a lot about leadership and put that into action!

I am so very grateful that this opportunity has come into my life.

~ Lisa Morris

"I've gotten more results from this program than any other."

Christie is amazing. I've gotten more results from this program than any other. I've used a lot of EFT, however this program has cleared more and done it faster. It is an amazing program and I recommend it to anyone open to it.

“Without taking any drugs. I meditate more and through it I am getting more and more in touch with unlimited LOVE and myself.”

Since using unlimited abundance I feel lighter like I am walking " on clouds " without taking any drugs. I meditate more and through it I am getting more and more in touch with unlimited LOVE and myself.

The product as far as I listened to it is really " talking " to me and helps and lifts me up every time.

Absolutely, love, love LOVE IT!!..Amazing

Absolutely, love, love LOVE IT!! Because of Christy's incredibly positive and uplifting energy and because her programs get results.

that you are.”

Tank you for being the amazing gift that you are.

I am about 25% into my abundance journey and already I feel a profound shift.

my guidance more clearly and seeing the truth about situations which has made my life much, much easier!

“Thank You Christie...your loving intentions are showing up in my life!”

I start my day by doing my Ball of Light...then in September and October after my two Abundance sessions, my two businesses have exploded! I began September with no new sales or clients for both businesses. Then the floodgates are opening...one business increased with 5 new clients and the second business increased with 3 new clients and 4 new customers!

I've been invited by the community to participate in more events than I can commit to! I KNOW it's because of my sessions with the Unlimited Abundance!

Thank You Christie...your loving intentions are showing up in my life!

“Little miracles did happen in my financial universe”

As the founder and owner of beautiful global brand called Healing Hotels of the World with over 115 hotels in all continents, I was always facing financial challenges.

Being happy in healthy body and loving relationship with my wife and my daughter, the only struggle was money. I have done many many many Abundance courses over the past 20 years and found little relief but nothing so very authentic as with Christie.

I feel more secure, more grounded and trustful since I started the course. Little miracles did happen in my financial universe and I appreciate them and I am deeply grateful. But more so I see the shift in my awareness which is more nurturing and less in survival mode.

Thank you,

~ Anne Biging

“This course will definitely give a new perspective on life’s challenges.”

I believe everyone needs to better understand themselves and their patterns. This course will definitely give a new perspective on life’s challenges while actually fixing the root cause and not just addressing the symptoms. It’s great!

~ Brandy Thomas

“I have felt a dramatic reduction on self doubts and fears.”

Since the beginning of the sessions, there has been a strong shift on my awareness regarding thought and emotional patterns in my daily life. As someone who has been struggling financially, the main improvement has been the almost complete removal of anxiety towards the future, unnecessary and automatic worrying and stress.

I have felt a dramatic reduction on self-doubts and fears that had me paralysed and unable to move forward in the past, becoming “lighter” and filled with new ideas and enthusiasm.

~ Omar Regalado

“I could feel the energy (light) running through my body like crazy.”

I was highly skeptical. I am familiar with energy medicine, but had my doubts about me being able to receive the light from an audio. Boy was I wrong! The first session took me by surprise. I could feel the energy (light) running through my body like crazy. It was magical, right when Christie would say "delete, destroy, across all time," I could feel the dense parts of my body being cleared and I felt lighter. It's been about a week and a half now that I have been listening to the audio session daily and I feel focused,

positive and clear headed. I can sleep at night and I have more

confidence. I can't believe how fast her program is working. I can't wait to see what else will come in the following weeks.

~ Desiree

“I am currently on session 15, and things have already started to change.”

I am currently on session 15, and things have already started to change.

I am noticing my energy is up. I have been going to bed later and getting up refreshed. I have been on the program for just 3 weeks now. I have also noticed I am feeling very happy and relaxed and content with my life, I am very pleased with this. I have been having problems with stress as I am 60 years without a home of my own and very little capital but still supporting children and grandchildren. I now feel hopeful.

So I feel optimistic that I am on the road to manifesting my dreams.

I am very grateful to have found this course and Christie.

~ Lily Bonnici

“Now my checkbook registers \$5000, up from \$36 in three weeks.”

I had just come off of 6 weeks disability after a break-up with my boyfriend and the deaths of my mother and brother (all in a 4-week period). I was in dire straits. So, I tried your program. I do the Unlimited Abundance program about 4 times per week.

I do my statements as mantras when I meditate, when I'm walking the dog, in the bathroom and

before I go to bed. They do make me feel more at peace. Needless to say, I'm self-employed and feeling the pinch of the disability. The first week back to work, I had a few people pay ahead. Then the next week, I had someone pay for a whole year of my work. My disability payment came through faster than expected. And now my checkbook registers \$5000, up from \$36 in three weeks.

~ Nina Hanson

“Unlimited Abundance brought my soulmate in :)”

Before the course, I was in an unhealthy relationship which kept perpetuating negative cycles. After finding out about Christie Marie Sheldon through Mindvalley, I knew I had to sign up for her Unlimited Abundance Program.

This helped me go from a place of feeling helpless to breaking negative cycles, to feeling more emotionally empowered to manifesting a wonderfully conscious lover into my life. It also helped propel me to move to Los Angeles for the summer and take acting classes, manifest a part time job I ADORE and book a paid gig in NYC performing MY MUSIC which is unheard of in New York.

All this and much more, including coming out of sickness (Was sick for 4 years continuously and couldn't get to the root of it). Now I am on the up and up, working on my musical branding, in a community of fabulous women and with my gorgeous man.

I realize that anything and everything is possible!

~Dani, US

“It will change your life”

Within 3 weeks I manifested an amazing new job (30,000\$) more than I received at my previous one. A home in the perfect part of town, twice the space at \$300 a month below market value, a barely used car which was ridiculously more reliable than my old one.

An amazing family vacation for less than 1/3 of the cost. These are just a few of the things that I manifested by clearing my blocks to abundance with the Unlimited Abundance program. My home is lovely and welcoming, my family is joyful, connected and harmonious, my spouse and I are happier than ever and manifesting is a breeze! Thanks, Christie!

“Feel connected to the light every day.”

My goal/intention was to open my energy channels to receive all the abundance the universe has to offer. Knew I was blocked, stuck and holding old issues and beliefs in my tissues mainly with money and love. Have been single for 10 years since my divorce.

I've manifested \$5,000, a new partner who I believe is my soulmate. Feel connected to the light every day. My relationships with everyone have changed for the better. I have a more positive outlook and higher self esteem.

~Michelle Maust

“It has helped me move forward in very positive ways in all aspects of my life”

I am clearing up so much of the negative in my being that I now have room for more of the good stuff. I love the feelings of joy and gratitude that are permeating my every thought, word, and deed. Thank you for your help!

I recommend Unlimited Abundance for anyone who is stuck or fearing change - it has helped me move forward in very positive ways in all aspects of my life.

~ Susan Zachariasen

“I felt the shift, and now I am more aware of my subconscious mind and my negative patterns, and can use your exercises to get myself back on track and believing again.”

What prompted me to use Unlimited Abundance was to turn around the negative pattern I have got into about money, career, and loss.

It has been three weeks now since I first started using Unlimited Abundance, and the bonuses, and I have found that my mind not only has become more clear and less filled with the dreaded self depreciative mush, but also that I am having more faith in my goal setting.

One such miracle that occurred in the last few days in particular was when I had set a financial goal for myself, using the methods laid out. Not only did a good chunk of that goal manifest itself on that very day, but it also came in the form of a large car repair of \$1200! It turned out all of this repair was done under the warranty, which was due to expire in just 2 days time.

On top of that, also on the same day, I got shortlisted for a commercial in Toronto, for which I thought I had given a bad audition. I would definitely recommend this to others, and advise them that you must have patience and continue to have faith in the program, even if at first it appears nothing seems to be happening. Because it will. I felt the shift, and now I am more aware of my subconscious mind and my negative patterns, and can use your exercises to get myself back on track and believing again.

~ Guy Collins

“I am on my way to being a master of manifestation!!!”

Since I have started using the program, I have noticed so many more people openly approaching me and being kind and loving. I also randomly received an unexpected check in the mail for \$628 a few days after starting!

I am looking forward to continually practicing these meditations and affirmations. I love being able to connect at a moments notice and seeing my whole environment shift around me. I am on my way to being a master of manifestation!!!

I shared it on facebook with a link to the program and with my team members who feel stuck! I know that even if people don't understand what I mean by everything is energy, they can still benefit!!

~ Stephanie

“I did 5 sessions and since then I manifested a free trip to London”

My goal was receive more abundance and to allow more abundance to flow into my life. I did 5 sessions and since then I manifested a free trip to London!

I would recommend this program to everyone, because it clears away negative energy blocks towards abundance.

I think it is awesome!

~ Inge

“Since I have been using the program I have been more positive happier and have logged more than \$1000.00 in financial blessings”

I seemed to bon a cycle of receiving and losing financially. As soon as I get a financial relief or blessing, something would happen to zero it out. Since I have been using the program I have been more positive happier and have logged more than \$1000.00 in financial blessings.

I realized that this program helped me increase my faith. I feel more positive and alive and most of all "in control"

~ Fannie

“I wish I had this tool kit years ago”

I am feeling me worthy and I am creating and manifesting my new career goals with total confidence. I also apply this to other areas of my life and am looking forward to receiving more abundance. I also can identify blocks and limitations more easily and now clear these when they pop up. My thoughts towards money is changing everyday and I look forward to lots of cash coming my way.

I also purchased Love and Above which I really love. This combined with Unlimited Abundance works so well together. My awareness is increasing all the time and I wish I had this tool kit years ago.

~ Therese

“I have noticed that my relationship with money is changing”

I have been really stuck in money matters my whole life and found receiving challenging. So this program felt like a really good structured way to go forward.

And I love the energy clearings :) they work really powerfully on me, being very sensitive person. I have noticed that my relationship with money is changing. The feeling that I am in a little box where money is concerned is gone. I am able to come up with more outside the box ideas and that feels so good and so me! My biggest money manifestation is 3500 euros from a family member so that I can go to a massage school and really expand my knowledge in body therapies and other alternative stuff. I am super happy about that.

I would recommend the program. It has a lot of substance, stimulates your thinking and most importantly really gets rid of deep blocks.

~ Sirpa

“It works like magic”

I have been using this program slowly since last January and at first I was not sure if it was working or not and thought this seems too simple but I kept doing it... and I'm amazed that I'm now half way thru the program and last week I got a raised and a fabulous review! It is not much but my energy that had me stuck all the time has shifted!

Thank you, thank you, thank you! I absolutely love the program and how simple it is.

I'm also receiving money from other sources and I'm impressed. I also opened up my mind to dreaming bigger... :)
It works like magic! I'm a believer and I think they are a blessing to the world!

~ Andrea

“I have a much deeper trust that I actually can manifest”

Christine is fantastic to find exactly some of my old patterns and blocks, and the content is interesting and inspiring.

I can also feel a very big change in how I do feel energy, the light etc. and it is very helpful and usable for me in my daily life. And then I believe much more in my dreams - that I can, I will reach my goals - I have a much deeper trust

that I actually can manifest (YES).

~ Malene Hjortflod

“Since using Unlimited Abundance I have stopped procrastinating and have begun the book! :)”

I am quitting my 6 figure job to pursue my passion for personal and spiritual development and to write my first book.

I signed up for the course to help me to eliminate my fears of success and any blocks that I have around success/money etc. Since using Unlimited Abundance I have stopped procrastinating and have begun the

book! :)

~ Neil Martin

“For me, money, financial freedom, prosperity and abundance are now all good, love, easy, fun and effortless! I love it!”

I think my soul attracted this course to me, I don't even remember how I got registered to the webinar!

But after the webinar, I felt that this was exactly what I needed. So far, I have only done the 6 first steps of the program out of 24 and my life has changed completely!

My beliefs towards money have changed, my attitude towards money have changed, even

other people attitude towards me and my projects have changed.

For me, money, financial freedom, prosperity and abundance are now all good, love, easy, fun and effortless! I love it! The program is amazing, it inspires me in so many ways!

I feel like I'm connected with Christie and her material in a way that I can't be by reading a book. It's so different, easy to follow, easy to put in place, generous, and uplifting.

Thank you Christie and the MindValley team!

~ Emilie Paquin

“I have been sleeping better and overall just feel better.”

Our goal is to manifest \$50,000, find investors and start a business, and to bring a motorcycle into our lives. We are on week 3 of Unlimited Abundance and since starting my husband and I have been sleeping better and overall just feel better. Things have been going well for us so far (we were able to move into a house we love and we found we have a connection to some investors) and we're looking forward to bigger blessings flowing into our lives.

It's helped my husband and I to understand the lies we've brought into our lives regarding money and it's given us the tools to let those lies go.

~ Elise

“I have manifested a check for \$5,000 that I didn't expect, and another for \$2500”

I have changed my way thinking and my expectations as a result of this course. I started a website and have 2 more in progress. They pertain to things that are fulfilling to me. I have manifested a check for \$5,000 that I didn't expect, and another for \$2500 that I didn't expect. My bills were really high in January (following Christmas) and I had overpaid 2 bills and had credits on both. One was for \$225 and the other \$450! I didn't expect either of them.

The other great result is that my kids and I are experiencing more joy. I am more aware and in the moment with them, and I can feel the love to and from them even more than before. That makes me do grateful and happy now. I'm glad not to postpone any happiness with them.

~ Jennifer

“I will easily receive more than \$40,000 this month”

I purchased Unlimited Abundance recently and I listened to one session per day for 24 consecutive days. The results have been way beyond anything I could've imagined in my wildest dreams.

I will easily receive more than \$40,000 this month because of my clearing the blockages. I was especially blocking my ability to receive from the universe. I love to give but always felt uncomfortable receiving but Christie removed those blocks for me.

Thank you and Christie for changing my life. She's amazing!!

~ Ted Prodromou

"My annual income increased by 50% compared to the previous year"

My annual income increased by 50% compared to the previous year, I started a new career in sales and marketing, alongside my long-term professional practice of translation and interpreting, planned a few more side businesses, while learning new skills, and met the man of my life - all in the same year!

Somehow, gifts and inspiration have started to flow in and shine out! and am pretty sure there's even more to come!

~ Claudia. Italy

"The unlimited abundance program has changed my life"

The unlimited abundance program has changed my life completely. A year ago I had a burnout due to chronic hip and back pain. I was feeling very depressed.

I started with the unlimited abundance course in August. Within a few weeks, great things started to happen. First and foremost Listening to the audio's and love or above meditations I started to get out of my depression.

I started smiling and haven't stopped since. My family life feels so much more loving. Abundance has truly found me! In all walks of life from happy relationships to New opportunities to a new career even. I love my life now.

So thank you very much for sharing these great tools with me.

~ Irum Khan

“I can't thank Unlimited Abundance and Mindvalley enough.”

Unlimited Abundance was t first class I purchased from Mindvalley and it set the tone for me to purchase many more! Christie's energy, personality and the way she views life and the world made me see where I was letting negative thoughts into my life that were holding me back.

Even though I had considered myself a positive person in the past, some life events had left me feeling like I wasn't in control and I knew my mindset was probably the issue.

Since buying the course I have listened to all the lessons and then have gone back every few days to listen to one of the training again. Each time I get more and more insight into how to change my thoughts and create the life I want.

The first month of her course, I went on to close on the sale of one of my rental properties for the price I wanted, my business began bringing in more income and my passive income streams had hit the highest since I started. I also had the confidence to start making my business more visible and have set to launch my podcast next month.

~ Heather Christian

“To clear my limiting blocks so that I can manifest more easily and be more abundant.”

Since I used Unlimited Abundance, I felt sooo much lighter and happier. I don't worry too much about my life anymore.. If I do feel pain, it can easily go away. I can slowly forgive people who hurt me in the past, and this happened in only a few days, while I used to spend years to forgive someone who hurt me.

After using the Unlimited Abundance techniques, I was able to heal really fast, I'm even surprised by the result.

Every product that is created with so much love is beautiful and life-changing. Knowing Unlimited Abundance is like finding treasure in my life journey. I'm grateful for knowing it in a young age, because I can live the rest of my life being free from my limiting blocks, and if in the future I come across a stumbling block, I can always know what to do.

~Hyacintha Vidanithya

“Divine timing! In a little over two weeks, I have already manifested...”

I recently purchased the Unlimited Abundance program and I absolutely LOVE IT! Thank you for creating this and expanding my energy and understanding! Even though I have studied success and manifesting my entire life, I had no idea that these intuitions I have followed in my life were real things and not just something I created in my own mind. (Example: manifesting the coolest pair of winter boots as a young child or sending love light to family and friends to help

healing or surrounding ambulances with white light when I see them on the road.) It's been an incredible confirmation of what I've always felt very strongly in my life: Love is always the answer.

I'm an illustrator, painter and graphic artist, so obviously I have a very visual mind. :) As I'm going through these sessions, my mind is just flooded with a ton of cool, amazing paintings, doodles and images! These creations would have never appeared if it hadn't been for this series because I totally believe in the co-creation of my authentic expression and use it often with clients for design processes or commission work. Thank you thank you!! So, I thought it might be fun to capture some of these creative processes and doodles and paintings in a blog format for others to share. I am so very grateful for these energy clearing sessions and thought you might like to see what is appearing in my mind and through my brushes. (From day one as a very young artist, I've always channeled love into my work and have asked that when viewed, the love light shines out brightly to affect the viewer. :) It is my gift and why I am here.

I've attached an image that pushed its way to the forefront right before I found your program. It's called "Find Your Light." :) Totally appropriate!!

Thank you times a million kazillion for your amazing program!! I am so grateful!!

P.S. After I ran into the Unlimited Abundance program with Christie! Divine timing! In a little over two weeks, I have already manifested:

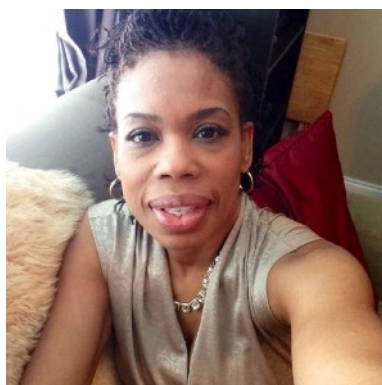

- a fabulous art show 2 months early with retail and art class possibilities unlimited!
- over \$500 in new sales!
- asked to do new commission artwork!
- was called out of the blue to teach an art class with unlimited possibilities!
- approached for logo design project from engineer firm!
- have new retail location for work!
- \$100 on lotto ticket!
- saved \$180 in monthly bills!

And more! My husband has noticed a huge shift in my energy and is excited watching us walk into unlimited abundance!!

Sending huge amounts of love and light,

~ Holly Stafford

“Getting clarity gives you the confidence to execute your ideas and increase the money, love, and peace in your life”

I use to think that I was too much, too weird and that people wouldn't be able to connect with me. Especially when I start talking about business and money. Now I know that I am just enough and that people trust me when I am myself. They know that I care, because I do. I really care. I want to serve.

Shifting my thinking I got 2 new clients from referrals. I didn't do anything to get them they called me. I learned that one of my clients has a best-friend that does exactly what I do and she refers people to me instead of her best friend. That was the nicest compliment I could have received.

I now listen to one of the recordings everyday. I listen either in the morning or at night before bed. Unlimited Abundance has become part of my lifestyle. It is now how I approach every thing that I do.

I would recommend Unlimited Abundance to anyone who is dissatisfied with any area of their life because if you are open to it and follow through it will help you gain clarity. Getting clarity gives you the confidence to execute your ideas and increase the money, love, and peace in your life.

~ Kine Corder

“It is life-changing!”

So far since starting the course just before Christmas I have had some money show up. Firstly, I was given a 10% pay rise which far exceeds the industry average in this current economic climate. Secondly I mentioned my successful laser surgery to a friend who mentioned it to her friend who had it done herself and gave my name and said I had recommended her. I got a cheque of £50.00 for the referral. Totally unexpected!

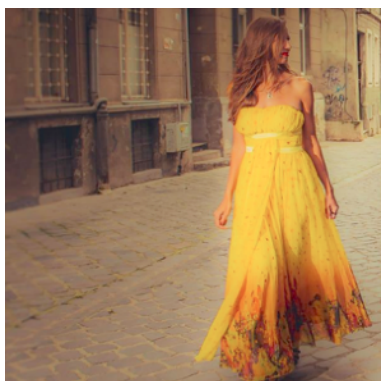

My family all live in London some 200 miles away, I usually end up going to see them as it's more convenient. Not having visited me for over a year my dad decided to come up this weekend with one of my brothers, despite the fact that I'll be visiting them next weekend. He gave me a cheque for £5000.00 and the £60.00 to get something nice for myself with.

Apart from the financial manifestations, the energies in my home feel my lighter and peaceful due to clearing out my clutter. Being positive and optimistic is now becoming the norm rather than a struggle.

Thank you Christie so much for Love Or Above and Unlimited Abundance. It is life-changing!!!

~ Lila Halai

“ Now I am able to eliminate all the noise from my mind, and it is amazing”

The Unlimited Abundance helped me get rid of all those voices that I accumulated throughout my childhood, and the years after, which told me that I can't, it is not possible, I am like this and that, and others are so much better than me. Now again! Don't get me wrong, I still doubt

myself, but I am more understanding with myself and now the encouraging, positive voices are dominating, actually now I am able to eliminate all the noise from my mind, and it is amazing. Thank you Christie!

~ Diana Voicu

“I thought it was miraculous”

The reason I went ahead and bought the Unlimited Abundance program. I injured my back during a workout and was in so much pain that the only positions I could be in were standing straight, sitting up straight or lying down. I could hardly move. So this was on a Friday. I felt pretty much the same on Saturday and on Sunday, so I just stayed in bed because of the pain. There wasn't much I could do so I just read or surfed the internet.

I happened to click on a youtube video on the A-Fest channel, of a group clearing session that Christie did. I was curious and felt compelled to follow Christie's instructions. The very next day, Monday, the pain in my back was gone and I had complete mobility. I thought it was miraculous because I've never had an injury heal overnight. I thought I would have to go see a doctor but I was completely fine. That made me decide to go ahead and buy the program because I had firsthand proof that it worked before I even knew what it was about (I had never heard of the program or Christie before I saw her video on YouTube).

~ Anna Margaretha Fondevilla

“I have a huge feeling of hope and excitement, just like I am on the edge of something life changing.”

My goal when I decided to start the Unlimited Abundance programme was to lift myself out of the terrible situation I found myself in. My marriage fell apart 3 years ago.

My, soon to be ex husband, had a self destruct button and nearly took me and our 3 sons down with him. He left us bankrupt and with terrible debts and has taken no responsibility for providing anything for the children ever since.

This programme has been a breath of fresh air, I was clearly ready to take all this on board when it came to my notice.

I have loved all the clearing, I can really feel it all happening and have had some very strong reactions to a couple of things we were trying to clear. The first time I tried it I felt so amazing afterwards, I knew this was the right time for me to be doing this.

I have a huge feeling of hope and excitement, just like I am on the edge of something life changing.

~ Vanessa Bourne

“It really has changed my life in profound ways”

The impact the Unlimited Abundance program has had on my life is so profound I have a hard time remembering how I thought about myself and my situation in life before and after. But I shall try :D

When I started the UA journey. I was searching for the things that were missing from my life. I wanted to know Why I was struggling, Who I was, What I wanted to be and such. And I had gone back to my questions from when I was 6, Why should I do what others want me to do, Should I really do that? And the #1 thing this program has helped me with is to stand my

ground on issues that are truly my core issues, that make me who I am. I have become Me again!

I bless the day I bought this program, it really has changed my life in profound ways. And I'm so grateful for it, for Christie and for Mindvalley and all its wonderful people who make it the great academy it is.
Thank you,

“This course helped and came at the perfect time to catapult me to next levels!!!”

Christie Marie Sheldon is an amazing teacher! I loved the vision, and practical and energetic integration and the "What would it take". I had massive shifts in mindset, and energy, and so much more!

I've created several new income streams in a very simple way with automation and passive integrations with software! I've also met more and more people who are aligned with the tribe, and creating new influencer marketing strategies long term!!! I loved the vision exercise with the garden and the sprouts!! It showed me visually literally what was happening!

This course started a massive shift energetically for me that has continued. I am also way more clear with **manifesting and things are happening much faster!!! My energy is through the roof with all of this. In short, I want to stress that it is a multi-faceted transformation from all angles spiritually, physically, mentally, financially, playfully, relationally.

I also tackle things daily at a much faster rate, and now SEE more money that month, and > 200% improvement month over month and increased massively action daily leading me to see similar action to the time I generated in corporate ~\$10million in one year!

This course helped and came at the perfect time to catapult me to next levels!!!

“It works instantly and i notice an immediate shift in my own energy”

Since starting the program I have received many free gifts from strangers, discounts on things, furniture from the neighbours. My husband has been kinder to me and less stressed.

I am only up to the clearing the Fear of Change. I have been listening to each recording at least 6 times. I use the morning meditation everyday and i adore the blessing mantra!! It works instantly and i notice an immediate shift in my own energy and the energy of the place and people i am sending it to.

I think Mindvalley is wonderful and i am so grateful to Vishen for never giving up and creating the inspiring company that is Mindvalley. I would buy every program I could but for now i am blessed and stoked to have the opportunity to have this one. Baby steps hey!

“I have found my new career path which met all my criteria”

I had listened to the free block clearing season that Christie Marie had offered maybe two years ago. I did not have the time to dedicate to a 24 session purchase, but never forgot the original free season. Circle two years later - I had dead

ended in my career, burnt out and was done with it. Wasn't working at all.

The abundance clearing session landed in my lap again. And this time I had no reason not to do the 24+ sessions. I needed to find new focus and after 10 months of not working, I still didn't have a significant purpose. But it was circling. I had criteria.

I wasn't going to jump into another career path without paying myself first with my time, my energy and making money to support my active lifestyle. While I'm only half through my sessions, I have felt the weight on my shoulders lift, my energy increase, my productivity increase and now I am happy to say, I have found my new career path which met all my criteria. I am meeting a fitness goal that I had never thought possible before, I am completing my licensing for my new career path, have a career mentor lined up and have emotionally dropped so much baggage.

I would recommend unlimited abundance to anyone who needs to re-focus, re-energize and feel committed, excited and recruited to go to the next place in their life. It's amazing to me the blocks that Christie Marie hits on that you don't even remember establishing.

“Since using Unlimited Abundance, my life has improved in so many ways.”

Since using Unlimited Abundance, my life has improved in so many ways. The fear is dissipating, I'm feeling my own power coming back to me, self-care is much easier, I don't feel as if I have to justify myself to anyone anymore.

I'm beginning to connect with my truth, my real core beliefs that will uplift and inspire me. I'm able to keep negative energy at a distance better than I have in the past.

Unlimited Abundance has been perfect for detailing personal & business strategies. It's so helpful in giving specific instructions & examples as to what's going on in your mind/body & how to clear the things you don't want.
